Have you heard Mikal Blue yet? If you like Jack Johnson, John Mayer, Five For Fighting, One Republic, Augustana, Damien Rice, Juno, Crowded House, The Beatles, Rufus Wainwright, Goo Goo Dolls, Jason Mraz, Maroon 5, Keane, Aqualung, John Mayer, James Morrison, etc...you will LOVE him!! Check out music & vids at mikalblue.com Not only is he a truly talented songwriter and amazing singer, but he also produced some of my most fav amazing tracks for One Republic, Colbie Caillat, Five for Fighting, and Jason Reeves! He has so much soul and love in his songs, that it makes me melt every time I hear him sing. I just bought "GOLD" on
